

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-127. (canceled)

128. (new) A customized food product comprising:

 a food ingredient selected by a consumer;

 an additive selected by the consumer; and

 a package, selected by the consumer, containing the food ingredient and the additive.

129. (new) The customized food product of claim 128, wherein the food product is a popcorn snack and the food ingredient is popcorn.

130. (new) The customized food product of claim 129, wherein the additive is a sweetener.

131. (new) The customized food product of claim 130, wherein the sweetener is sucralose.

132. (new) The customized food product of claim 131, wherein the customized food product requires further finishing by the consumer.

133. (new) The customized food product of claim 132, wherein the customized food product requires popping by the consumer.

134. (new) The customized food product of claim 131, further comprising: acesulfame K in the package.

135. (new) A popcorn snack comprising:
 popcorn;
 sucralose; and
 a package containing the popcorn and the sucralose.

136. (new) The popcorn snack of claim 135, wherein the popcorn snack requires popping by a consumer.

137. (new) The popcorn snack of claim 135, further comprising: acesulfame K in the package.

138. (new) A method for preparing a food product comprising:
 adding sucralose to popcorn; and
 packaging the popcorn and sucralose for distribution.

139. (new) The method of claim 138, further comprising: adding acesulfame K.

140. (new) The method of claim 138, further comprising: requiring the food product to be further finished by a consumer.

141. (new) The method of claim 140, wherein further finishing of the food product by the consumer involves popping the popcorn.

142. (new) The method of claim 140, wherein finishing the customized food product involves cooking the food product.

143. (new) The method of claim 142, wherein finishing the customized food product involves microwave cooking the food product.
